

Hop to Success with EES Lilly Pods

Name: _____

Choose 3 pods to complete in order to get from the start to the finish line. You must hand this paper in as the cover for your assignment with the pods you chose crossed out.

You must complete one lily pod of the three outlined patterns.

Start

Create a Venn Diagram to compare El Nino and La Nina. How are they different? How are they similar? Must give 2 examples for each term.

Write a postcard to your parents explaining the five different greenhouse gases. How are these formed? Which ones are the most discussed? A minimum of 4 sentences is

Come up with two truths and a lie about global warming. Explain why the lie is a lie with three sentences.

Draw a picture that represents the greenhouse effect. Compare this picture to an actual greenhouse. How are they similar?

Write 5 multiple-choice questions (with 4 answer choices for each question) that you expect to see on the next test about oceans & climate.

Draw a small poster (regular paper size) explaining the five climates in the Koppen Climate Classification System.

Write a letter (at least 5 sentences) to President Obama explaining two effects global warming has on earth.

You are a news reporter for the New Orleans. Write a press release (at least 5 sentences) warning Americans about cows & methane gas.

Write a poem, song or rap explaining the difference between weather & climate (at least 5 lines long).

Finish
